

At A Glance

-  **Protection: Secondary**
-  **Feed Type: Gravity**
-  **Material Type: NdFeb**
-  **Cleaning Type: Manual**

Our high intensity magnetic easy clean housed grids offer unsurpassed levels of contamination removal, removing sub-micron ferrous and para-magnetic contamination from the most demanding and arduous of process environments.

The unit contains one high intensity easy clean magnetic grid. The grid is secured into the housing by tri-cone locking nuts which ensure even pressure is generated around the food grade seal.

It is common to have numerous units installed throughout a processing facility to ensure contamination is removed at source of generation. All dry powders and granular type materials can be processed through the unit. Electrical safety interlocks can be fitted to the grid to stop the process should it be accidentally opened.

Benefits

- Easy to clean
- Removes micron sized contaminants
- High collection capacity
- Reduces 'spark' risk

Performance

Magnetic Performance	7000, 9000, 10000
Performance Reading	On tube surface
Magnet Grade	N35 & N45 – Inspected and confirmed via hysteresograph prior to use
Temperature	-4°C / +90°C
Pressure	+ / - 3 psi

Suitability

Suitable Products	Dry powders and granulates
Suitable Location	Inlet / outlet points, pre- / post-silo and machinery points

Materials

Magnetic Material	Rare Earth Neodymium Iron Boron - (NdFeb)
Housing	316 grade stainless steel
Tubing	316 grade stainless steel
Sealing	Self adhered white foam
Tri-cone Nuts	Stainless Steel
Surface Finish	Brushed internally / Polished externally to 0.6µm

Cleaning

When the unit requires cleaning, simply remove the outer grid securing tri-cone locking nuts and remove the grid from the housing. Remove the central tri-cone locking nut and separate the grid assembly allowing all attracted contamination to simply fall away.

Options

- Stainless Steel Toggle Clamps
- Larger sizes available
- Pharmaceutical specification
- Safety relay switches
- Metal Detectable Seal
- Higher temperature versions available

Housed Easy Clean Grid – Single
